EDUCATION

Bachelor's in Computer Science (AI & ML)	2023 – 2027
Malla Reddy Engineering College, Hyderabad	
CGPA: 8.65/10	
Relevant Coursework: Data Structures & Algorithms, OOP, DBMS, Operating Systems, Machine Learning	

SKILLS

Languages	Python, Java, C, SQL, HTML/CSS
Development	REST APIs, OOP, Software Development Lifecycle, Debugging
Tools & Platforms	Git, GitHub, VS Code, Jupyter Notebook, Streamlit
Databases & Data	SQL, Pandas, NumPy, Data Analytics
AI/ML	NLP, Scikit-learn, Supervised Learning
Cloud & Concepts	Google Cloud, Microsoft Azure, JSON, API Integration

EXPERIENCE

Infosys Springboard	Jun 2025 – Nov 2025
<i>AI Intern</i>	<i>Remote</i>
- Developed an AI-powered regulatory compliance checker using Python and NLP techniques for automated document validation. - Built backend processing workflows and integrated REST-based pipelines for handling text analysis tasks. - Collaborated in agile teams, participated in technical discussions, and contributed to deployment workflows.	
AICTE (Microsoft Sponsored)	Nov 2024 – Dec 2024
<i>Machine Learning Intern</i>	<i>Remote</i>
- Developed an SMS spam detection system using Python and Scikit-learn with 92% classification accuracy. - Implemented preprocessing, feature extraction, testing, and model evaluation workflows. - Worked with supervised learning techniques and debugging processes for model improvement.	

PROJECTS

SkillBridge – AI Employability Platform	2025
<i>Infosys Global Hackathon Shortlisted Project</i>	
- Designed and developed a full-stack employability platform using FastAPI, React.js, SQLite, and REST APIs. - Implemented authentication, backend workflows, and structured data handling features. - Collaborated on scalable API-driven architecture and frontend-backend integration.	
Smart Route & Delivery Optimizer	2025
<i>Personal Project</i>	
- Developed a route optimization application using Dijkstra, A*, and Traveling Salesman Problem (TSP) algorithms. - Integrated APIs and built interactive route visualization using Streamlit and Folium. - Improved routing efficiency through algorithm-based path optimization and data processing workflows.	

ACHIEVEMENTS & CERTIFICATIONS

- Finalist – The Big Code 2026.
- Infosys Global Hackathon 2025 – Shortlisted for SkillBridge project.
- Microsoft Azure AI Fundamentals Certified – Scored 97%.
- Google Arcade Facilitator – Completed Google Cloud labs and mentored peers.
